NICKELODEON

The image is a title card for the television show "Rugrats Go Wild". The background is a vibrant red with a textured, slightly distressed appearance. In the upper left corner, the Nickelodeon logo is displayed in its signature orange ribbon banner. The word "NICKELODEON" is written in white, bold, sans-serif letters. To the right of the banner, the title "Rugrats" is written in a large, ornate, yellow font with a black outline. Below "Rugrats", the word "GO WILD" is written in a large, bold, black font with a yellow outline. The letters have a hand-drawn, sketchy texture, with visible pencil strokes and shading. The overall composition is dynamic and energetic, reflecting the show's theme of wild adventures.

WARNING: PLEASE CAREFULLY READ THE PRECAUTIONS BOOKLET INCLUDED WITH THIS PRODUCT BEFORE USING YOUR NINTENDO® HARDWARE SYSTEM, GAME PAK OR ACCESSORY. THIS BOOKLET CONTAINS IMPORTANT SAFETY INFORMATION.

IMPORTANT SAFETY INFORMATION - READ THE FOLLOWING WARNINGS BEFORE YOU OR YOUR CHILD PLAY VIDEO GAMES

 WARNING - Seizures

Some people (about 1 in 4000) may have seizures or black outs triggered by light flashes, such as while watching TV or playing video games, even if they have never had a seizure before.

Anyone who has had a seizure, loss of awareness, or other symptom linked to an epileptic condition should consult a doctor before playing a video game.

Parents should watch when their children play video games. Stop playing and consult a doctor if you or your child have any of the following symptoms:

Convulsions

Altered vision

Eye or muscle twitching

Involuntary movements

Loss of awareness

Disorientation

To reduce the likelihood of a seizure when playing video games:

1. Sit or stand as far from the screen as possible.
2. Play video games on the smallest available television screen.
3. Do not play if you are tired or need sleep.
4. Play in a well-lit room.
5. Take a 10 to 15 minute break every hour.

WARNING - Repetitive Motion Injuries

Playing video games can make your muscles, joints or skin hurt after a few hours. Follow these instructions to avoid problems such as Tendonitis, Carpal Tunnel Syndrome or skin irritation:

- Take a 10 to 15 minute break every hour, even if you don't think you need it.
- If your hands, wrists or arms become tired or sore while playing, stop and rest them for several hours before playing again.
- If you continue to have sore hands, wrists or arms during or after play, stop playing and see a doctor.

WARNING - Battery Leakage

Leakage of battery acid can cause personal injury as well as damage to your Game Boy. If battery leakage occurs, thoroughly wash the affected skin and clothes. Keep battery acid away from your eyes and mouth. Leaking batteries may make popping sounds.

To avoid battery leakage:

- Do not mix used and new batteries (replace all batteries at the same time).
- Do not mix alkaline and carbon zinc batteries.
- Do not mix different brands of batteries.
- Do not use nickel cadmium batteries.
- Do not leave used batteries in the Game Boy. When the batteries are losing their charge, the power light may become dim, the game sounds may become weak, or the display screen may be blank. When this happens, promptly replace all used batteries with new batteries.
- Do not leave batteries in the Game Boy or accessory for long periods of non-use.
- Do not leave the power switch on after the batteries have lost their charge. When you finish using the Game Boy, always slide the power switch OFF.
- Do not recharge the batteries.
- Do not put the batteries in backwards. Make sure that the positive (+) and negative (-) ends are facing in the correct directions. Insert the negative end first. When removing batteries, remove the positive end first.
- Do not dispose of batteries in a fire.

INTRODUCTION

Tommy, Chuckie, Kimi, Angelica and their parents are going on a summer vacation 'board the "S.S. Nancy," only the ship gots itself lost in a storm and they've washed ashore on a jungle island! Can they find Nigel "Strawberry" and his family to get themselves rescued? Can Eliza Thornberry help the babies out?

SETUP

1. Turn OFF the power switch on your Nintendo® Game Boy® Advance. Never insert or remove a Game Pak when the power is on.
2. Insert the Rugrats Go Wild™ Game Pak into the slot on the Game Boy® Advance. To lock the Game Pak in place, press firmly.
3. Turn ON the POWER switch. The logo screens will appear (if you don't see them, begin again at step 1).
4. When the title screen appears, press START to proceed to the Main Menu.

GETTING STARTED

First, the Title Screen will appear. Pressing START will immediately take you to the Main Menu.

MAIN MENU

On the Main Menu, select New Game if playing for the first time, Continue to access the Password Screen, Options to enter the Options Menu, or Credits.

PASSWORD SCREEN

From the Password Screen, you can enter a five character password that will allow you to play the game where you left off. Press the Control Pad Up/Down to cycle through the available letters and the Control Pad Left/Right to move through the five different positions on the password. Then, press the A Button to enter the password or the B Button to cancel the password and return to the Main Menu.

OPTIONS MENU

In the Options Menu, the player can turn the game's Music and Sound Effects (SFX) on and off. The player can also adjust the controls for the race levels.

It's a big island out there and lots of exploring to do! The following is a list of the controls used in *Rugrats Go Wild*:

CONTROL	ACTION

SELECT	Brings up the Menu Bar.
Control Pad	Moves Character/Vehicles. The Control Pad Up or Down will also let your character climb trees in the mini-games.

Press the A Button to make your selection or the B Button to return to the game.

MENU BAR

Whenever you press SELECT, you get a picture of your Gooshy-Balls and your Bottle. The Gooshy-Balls counter lets you know how many Gooshy-Balls you have. The Bottle Counter lets you know how much energy you have.

MAP SCREEN

Pressing the L Button pulls up a map of the island, which displays the different areas you've already visited. If you want to move around the island quickly, highlight the area you want to jump to and press the A Button. Press the B Button or the L Button to return to the game without jumping to another place.

INVENTORY SCREEN

There's lots of stuff to pick up on this island. If you want to remember what you've already got, press the R Button and you'll immediately go into your backpack to look at your stuff. Press the B Button or the R Button to return to the game.

UNINHABITED ISLE

You're gonna have to find lots of things to help get the babies back to their parents, and you're not gonna find them all at once!

Sometimes it'll be Tommy doing the searching; other times it'll be Eliza Thornberry. Just walk on top of something to pick it up.

Here's a few things you'll run into along the way:

Gooshy-Balls are these purply, oozy, squishy things that are pretty neat to play with, but best of all, animals can't stand how they smell. Toss Gooshy-Balls at pesky animals to get them to leave you alone.

Energy Blasts are a great way to keep your energy up! All this racing around and being chased by monkeys, bats and gators can get you really tired! On rare occasions, picking up an Energy Blast will give you invincibility on the race levels.

But that's not everything! You're gonna be collecting items from magazines to an innertube all over the island to try and find your parents, so good luck!

Here are a few of the places you're gonna have to go:

JUMPIN' JUNGLE

Donnie and Chuckie can't get through the forest 'cause monkeys keep throwing stuff at them! You can chase those bad monkeys off the trees with Gooshy-Balls. 'Course, you're gonna have to be climbing up trees and jumping cross branches to get 'em, but you can do it. Look out for fruit that drops out of the trees or gets tossed at you by the monkeys!

Tip: Once you get all the monkeys, the big gorilla comes after you! Remember to jump when he shakes the trees or you'll get tired.

Special Controls: To drop off a platform, you'll need to press the Control Pad Down and the A Button at the same time. Press the Control Pad Down to duck.

STROLLER RACE

Uh oh! Looks like Phil and Lil attracted the attention of a hungry leopard. Get away from the leopard by helping Tommy race to save both you and the baby leopard from a wild pig stampede! Once you catch up to the baby leopard, its Mommy is going to try to catch up with you to get her back. You'd better outrun her!

Tip: You can use the B Button to throw Gooshy-Balls to get those nasty pigs out of your way.

Special Controls: Press the A Button to make the stroller go faster.

Tip: On rare occasions, picking up an Energy Blast will give you invincibility.

SWAMP STOMP

Those crazy crock-a-gators won't leave you alone! You're gonna have to climb the trees again and splat them with Gooshy-Balls or drop some fruit on 'em. Just be careful not to fall into the water!

Tip: The longer you hold down the B Button, the farther you'll throw a Gooshy-Ball.

Special Controls: To drop off a platform, you'll need to press the Control Pad Down and the A Button at the same time. Press the Control Pad Down to duck.

UNEXPECTED HELP (ELIZA'S HERE!)

Hey! You've found Eliza Thornberry! She'll travel around the island to help the babies find their parents.

CRAZY COMMVEE RACE

Yipes! There's an angry hippo after your Commvee! Drive it through the jungle collecting energy blasts as fast as you can. Try not to get pushed around by the parents driving the vehicles! Be careful of the vines that can slow you down or the sharp rocks that can puncture your pontoons!

Tip: Keep your eyes out for changes from land to water and back again!

Special Controls: Press the A Button to accelerate and the B Button or R Button to inflate or deflate your pontoons.

BATHYSHERE

It's an underwater adventure! Chase away a bunch of sharks and eels to get to the other side of the island. Be careful of the falling logs!

Tip: Be careful of the Giant Squid - he leaves an ink jet that will sap your energy!

Special Controls: Press the A Button to make the Bathysphere rise quickly.

CAVE ESCAPE

Ugh! Stuck in a cave looking for parents! Pick up Glow Worms along the way. Once you've collected enough Glow Worms, outrun the walls of water that will chase you.

Tip: Be careful of the whirlpools that will spin you around and make you dizzy. Use the B Button to toss Gooshy-Balls to shoo those bats away!

Special Controls: Press the A Button to accelerate.

BEACH RESCUE

Leave it to the adults to get into trouble! You gotta protect Nigel Thornberry by splatting a number of crabs trying to snip at him. Once you've scared them all away, you'll have to tangle with the big, BIG crab, too!

Tip: - Sometimes crabs hide in the grass. Watch for where the sand comes from to find other crabs. Keep an eye on Nigel's health meter and make sure he doesn't get hurt!

Special Controls: Press the Control Pad Down to duck. Press the Control Pad Down and the A Button together to drop down off the platform you're on.

There's so much more that needs to be done; boots to be found and hidden Keys to the Commvee located. It's going to be quite an adventure catching up with your folks. But in the end, everybody'll finally be together and happy once again! Maybe it wasn't such a bad summer vacation after all!
